**Start-up Date:** 1969

**Managing Director and Owners:**

Mr. Tahir Mushtaq Mir / Mr. Abdullah Mir

**Manufacturing:**

We specialise in the design and manufacture of high-quality optical instruments and tools, using **Top grade German stainless steel**. Our production combines in-house expertise with carefully selected outsourcing partners, ensuring precision and reliability. The partnership between Spire and **Z Bon Optical in Pakistan** allows us to serve both local and international markets with efficiency and consistency.

**Key Brands:**

Spire Optical Pliers & Tools cater to the needs of the industry. A key segment of our business is O.E.M / private label, supporting customers who wish to promote their own brands with total support and enthusiasm.

**Distribution and Exports:**

Spire Professional Tools and Instruments are sold exclusively to wholesalers and distributors. Currently exporting to France, United Kingdom, Germany, Netherlands, Denmark, Italy, Switzerland, Spain, United States, Canada, South America, Korea, Hong Kong, UAE, Saudi Arabia, Morocco, Russia, and Fiji.

**Warranty Program:**

Due to strict procedures and rigorous quality control, we confidently offer all our customers a **LIFE-TIME WARRANTY** on all our instruments.

**Terms:**

Full payment via Telegraphic Transfer to our bank in Pakistan. Paypal and our account in the United Kingdom are also accepted. Quotes in Euro and USD\$ available on request. Some local currencies worldwide are accepted. Partial advance payment is accepted under certain circumstances.

**Pricing:**

All freight, shipping, documentation, customs clearance, and duties are the customer's responsibility. We offer competitive ex-factory pricing and assistance with door-to-door freight calculations.

**Structure and Product Range:**

Spire operates as a collaborative network between our **UK-based company** and our partner, **Z Bon Optical, Pakistan**, leveraging strengths in both regions. Production is maintained in-house as well as outsourced to trusted partners. With over **250 skilled and semi-skilled workers** at our Pakistan facility, we ensure instruments are **quality-checked before packaging and shipment**. Our product range includes professional optical tools, pliers, and instruments designed for both retail and O.E.M clients, providing innovation and reliability across global markets.

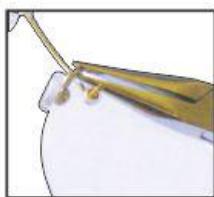

## Welcome to **Spire Instruments**

Thank you for taking the time to explore our catalog.

We don't follow convention—we focus on perfection.

From our instruments to our presentation, every detail reflects our commitment to precision and quality. Our products are designed to enhance your work and the value it brings to life.

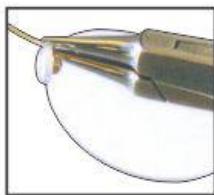

**Precision · Perfection · Persistence**

### PL 1108

#### Chain Nose Pliers

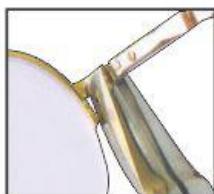

With slim tapered jaws  
Stainless steel - 140mm 100g

### PL 1112

#### Round Nose Pliers

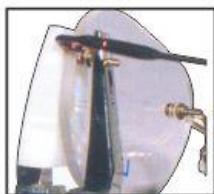

With fine tapered jaws  
Stainless steel - 140mm 105g

### PL 1118

#### Flat Nose Pliers

5mm Wide jaws  
Stainless Steel - 135mm 95g

### PL 2114

#### Inclination Pliers

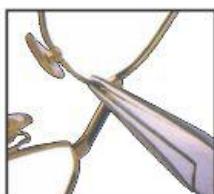

For Rimless Frame  
Stainless Steel - 135mm 120g  
PI 2114/1 Replacement Nylon  
Jaw (1 Piece + Screw)

### PL 1051

#### Full Size Chain Nose

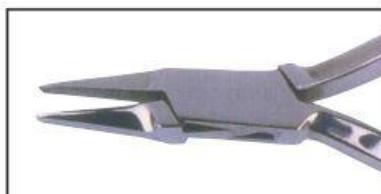

Jaws are flat on the inside and  
rounded on the outside, and taper  
from 9mm to 1.5mm, jaw length 30mm,  
Length 5 1/2"

### PL 1152

#### Half Round Long Nose Snipe Pliers

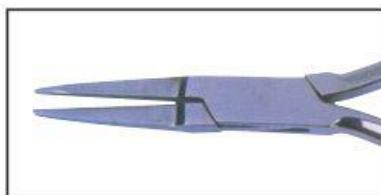

Stainless steel - 145mm 70g

### PL 1171

#### Flat Nose Pliers

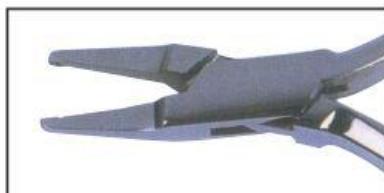

3mm wide jaws  
Stainless steel - 135mm 95g

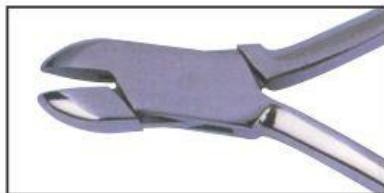

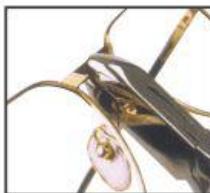

### PL 1178

#### Flat Nose Pliers

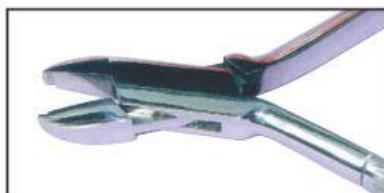

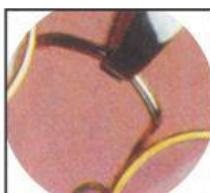

3mm wide jaws  
Stainless steel - 145mm 70g

**PL 4111**  
**Screw Holding Pliers**  
Stainless steel - 140mm 105g

**PL 1188**  
**Short Nose Pliers**  
Stainless steel - 135mm 120g

**PL 1137**  
**Numont Pliers**  
Specially designed for holding numont and nylon suspended frames when Adjusting temple and end piece angle in any direction 115mm

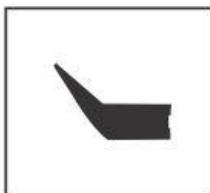

**PL 1203**  
**Extracting Flat Pliers**  
3mm wide with scratched inside of jaws  
Stainless steel - 145mm 75g

**PL 12211**  
**Curved Screw Holding Pliers**  
Stainless Steel - 155mm 105g

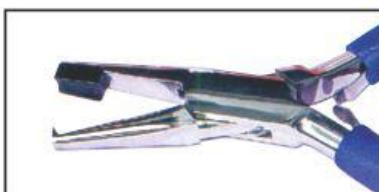

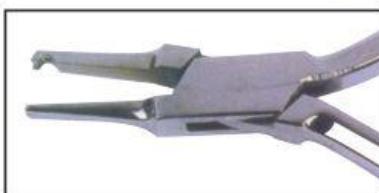

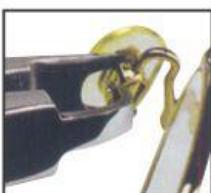

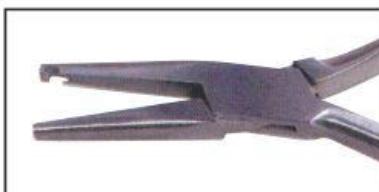

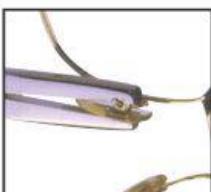

**PL 12212**  
**Curved Screw Holding Pliers**  
With Locking System  
Stainless Steel - 155mm 105g

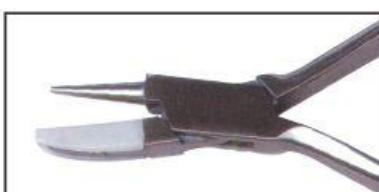

**PL 12907**  
**Bent Snipe Pliers**  
Stainless steel

**PL 12908**  
**Multi-Functional Pliers**  
Stainless steel

## Adjustment & Gripping Pliers

### PL 6102

#### Long Nose Pad Adjusting Pliers

Stainless steel - 140mm 80g

### PL 6103

#### Pad Adjusting Pliers

For box joint pads

Stainless steel - 140mm 90g

### PL 4107

#### Clip On Nose Pad Removing Pliers

Stainless steel - 155mm 110g

### PL 6192

#### Pad Adjusting Pliers

Extra narrow jaws

Stainless steel - 135mm 105g

### PL 6196

#### Pad Adjusting Pliers

With one nylon jaw (especially useful for soft silicone pads)

Stainless steel - 140mm 100g

PL 6196/1 Replacement nylon jaw  
(1 piece + screw)

### PL 6201

#### Circle Modifying Pliers

Comfort foam rubber handles

Stainless steel. 145mm - 100g

PL 6201/1 Replacement jaw  
(1 piece + screw)

### PL 2117

#### Flat Holding Pliers

With two 11mm wide nylon jaws,  
Parallel when open 3mm

Stainless steel - 135mm 90g

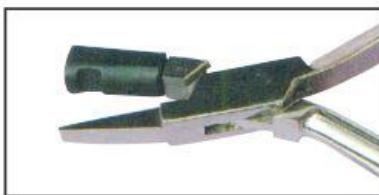

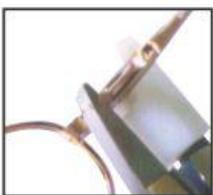

PL 2117/1 Replacement nylon jaws  
(2pieces + screw)

### PL 2130

#### Inclination Pliers

For adjustment of pad arms, temples and  
end pieces. One 7mm nylon jaw, one round  
metal jaw stainless steel - 140mm 95g

PL 2130/1 Replacement nylon jaw  
(1 piece + screw)

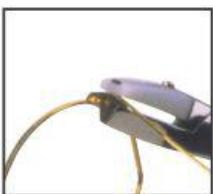

### PL 2131

#### Inclination Pliers

With grooved half round nylon jaw to prevent frame from slipping  
Stainless steel - 145mm 115g

PL 2131/1 Replacement nylon jaw  
(1 piece + screw)

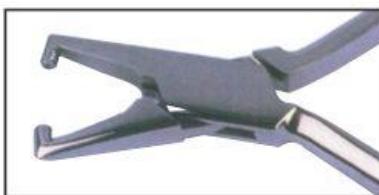

### PL 2150

#### Inclination Pliers

For adjustment of temples and end pieces.  
One 11 mm nylon jaw, one metal jaw in V  
Stainless steel - 135mm 100g

PL 2150/1 Replacement nylon jaw  
(1 piece + screw)

### PL 3160

#### Temple Angling Pliers,

Grips the hinge with the 2 holes covering the hinge screw  
Stainless steel - 140mm 105g

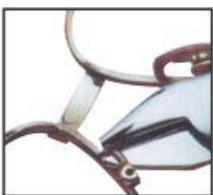

### PL 2161

#### Flat Holding Pliers,

With two 7 mm wide nylon jaws  
Stainless steel - 140mm 115g

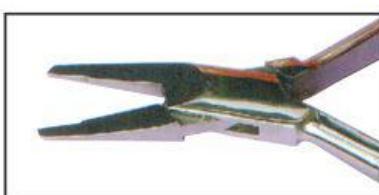

PL 2161/1 Replacement nylon jaw  
(2 pieces + screw)

### PL 4170

#### Three Points Pliers

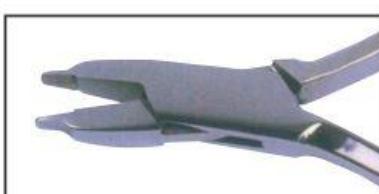

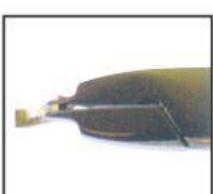

Smooth round jaws for pad arm adjustment  
Stainless steel - 125mm 90g

### PL 3179

#### Hinge Adjustment Pliers

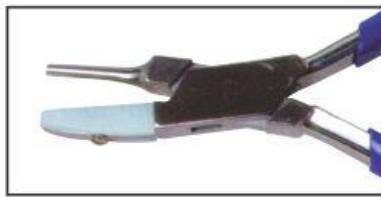

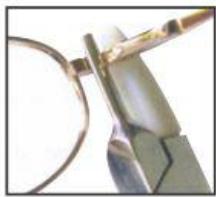

Stainless steel - 145mm 70g

### PL 4182

#### Hinge Loop Setting Pliers

Stainless steel - 135mm 100g

### PL 2190

#### Inclination Pliers

With one 7mm nylon jaw and one 2.7mm  
Cylindrical metal jaw  
Stainless steel - 145mm 120g

PL 2190/1 Replacement nylon jaw  
(1 piece + screw)

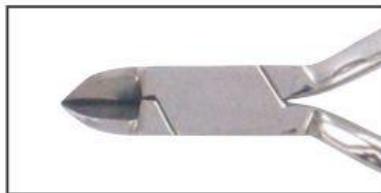

### PL 4202

#### Inclination Pliers

With one 6mm nylon jaw  
Stainless steel - 135mm 10g

PL 4202/1 Replacement nylon jaw  
(1 piece + screw)

## Cutting Pliers

### PL 7100

#### Side Cutting Pliers

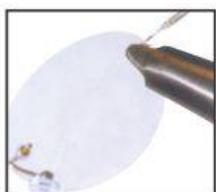

Lap joint. V cut cutting capacity: half hard  
Metals up to 1.5mm  
Stainless steel - 145mm 120g

### PL 7105

#### Side Cutting Pliers,

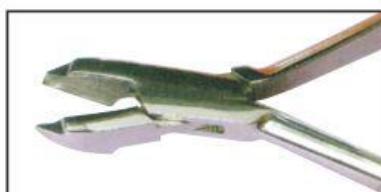

Box jointed. V cut. Cutting capacity: half  
Hard metals up to 1.5mm  
Stainless steel - 140mm 125g

### PL 7114

#### Side Screw Cutting Pliers

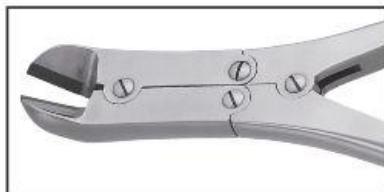

It enable to cut silver nickel screw  
From 1.2 to 1.5mm.  
Stainless steel - 150mm 100g

### PL 7140

#### Diagonal Cutting Pliers

V cut. Cutting capacity: half hard metal  
Up to 1.2mm  
Stainless steel - 135mm 105g

### PL 7142

#### Side Cutting Pliers

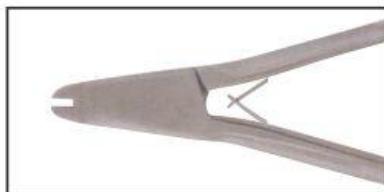

With compound action and return spring  
Stainless steel with tungsten carbide  
jaws - 180mm 180g

### PL 7143

#### Side Cutting Pliers

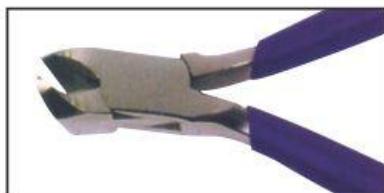

With compound action and return spring  
Stainless steel with tungsten carbide  
jaws - 150mm 117g

### PL 7145

#### Cutting Pliers

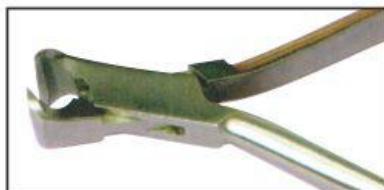

For temples  
Stainless steel

### PL 7151

#### Diagonal Cutting Pliers V Cut.

Cutting capacity: half hard metals  
up to 1.2mm  
Stainless steel - 120mm 65g

### PL 7104

#### Front Cutting Pliers

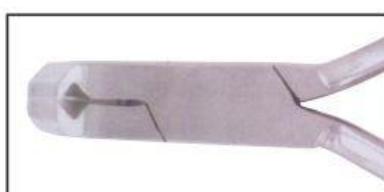

Stainless steel - 130mm 105g

### PL 7187

#### Front Cutting Pliers - with screw lock

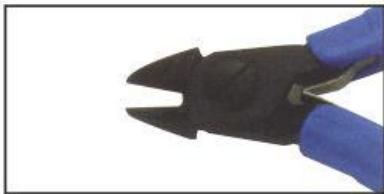

Allows to avoid the transmission of the  
shock effect to the glass during the cutting  
of a screw  
Stainless steel - 130mm 105g

### PL 7216

#### 45° Cutting Pliers,

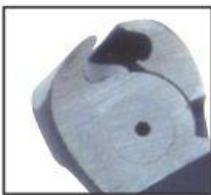

for screws  
Stainless steel

### PL 21139

#### Diagonal Cutter

With rounded jaws standard beveled cutting. Rockwell hardness 61-62. Hardened and treated handles grips Will not spin or rotate. 135mm

### PL 21212

#### Clip Cutting Face Pliers

140mm with high cutting capacity chrome random steel. Quenching oil hardness of 63 HRC sharp. Polished laminated PVC grip.

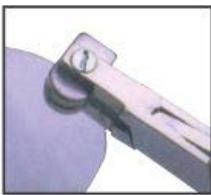

### PL 21210

#### "V" Cutter

140mm with large capacity cutting chrome vanadium steel. "V" Cut for greater durability. Quenching oil. length 4 1/2" hardness of approximately 64 HRC sharp. Polished. laminated PVC handles.

## Glass Chipping Pliers

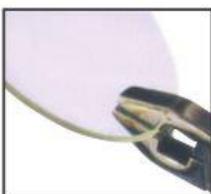

### PL 8116

#### Glass Chipping Pliers

with interchangeable jaws  
stainless steel - 135mm 110g

PL 8116/1 Replacement nylon jaws  
(1 piece + screw)

### PL 8167

#### Glass Chipping Pliers

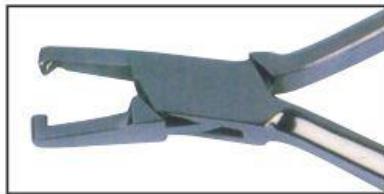

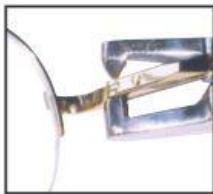

8mm wide jaws  
stainless steel - 140mm 130g

### PL 8168

#### Glass Chipping Pliers

30mm wide jaws  
stainless steel - 155mm 175g

**PL 5113**

**Flaring Pliers**

For flaring screws and rivets  
Stainless steel - 135mm 95g

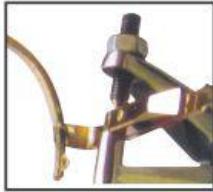

**PL 5172**

**Flaring Pliers**

Wide jaws  
Stainless steel - 135mm 105g

**PL 5172/1** Replacement point

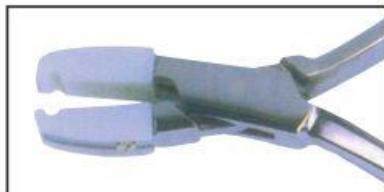

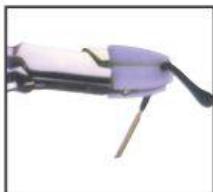

**PL 5186**

**Flaring Pliers**

With adjustable pin  
Stainless steel - 140mm 110g

**PL 5186/1** Replacement pin

## Forming Pliers

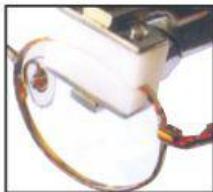

**PL 2132**

**Meniscus Pliers**

With nylon jaws for adjusting metal bridges,  
Bending ear pieces and angling temples  
(12mm wide jaws)  
Stainless steel - 140mm 100g

**PL 5132/1** Replacement nylon jaw  
(2 pieces + 1 screw)

**PL 3133**

**Nylon Eye Wire Forming Pliers**

24mm wide nylon jaws  
Stainless steel - 130mm 110g

**PL 3133/1** Replacement nylon jaws  
(2 pieces + 1 screw)

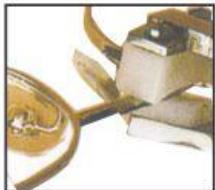

**PL 3176**

**Nylon EyeWire Forming Pliers**

18mm wide nylon jaws  
Stainless steel - 130mm 100g

**PL 3176/1** Replacement nylon jaws  
(2 pieces + 1 screw)

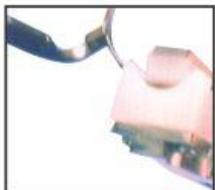

### PL 3146

#### Nylon Eyewire Forming Pliers

18mm wide nylon jaws +  
Nylon eyewire forming pliers  
7mm wide nylon jaw  
Stainless steel - 130mm 100g

PL 3146/1 Replacement nylon jaws  
(2 pieces + screws)

### PL 3205

#### Menicus Pliers

With blocking notch  
Stainless steel - 145mm 100g

PL 3205/1 Replacement nylon jaws  
(2 pieces + screws)

### PL 9168

#### Adjusting Pliers

(flat rocking nylon)  
Stainless steel

PL 9168/1 Replacement nylon jaws  
(2 pieces + screws)

## Specials Pliers

### PL 4106

#### Lens Axis Pliers

1 fixed jaw 32mm and 1 mobile jaw 26mm  
stainless steel - 170mm 190g

PL 4106/5 Replacement rubber pads (1 pair)

### PL 9161

#### Midget Aligner Lens Axis Pliers

Oval jaw pads 19mm x 12mm,  
Conventional handle, 5 1/2"

### PL 9161/1

Replacement rubber pads (1 pair)

### PL 46809

#### Midget Aligner Lens Axis Pliers

Oval jaw pads 19mm x 12mm,  
Conventional handle, 5 1/2"

### PL 46809/1

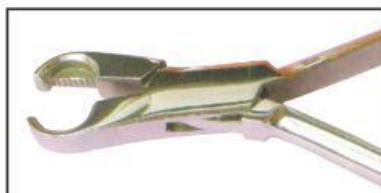

Replacement rubber pads (1 pair)

### PL 4120

#### <<Indo>> Sucker Removing Pliers

Stainless steel - 140mm 110g

### PL 4153

**<<Briot>> Sucker Removing Pliers**

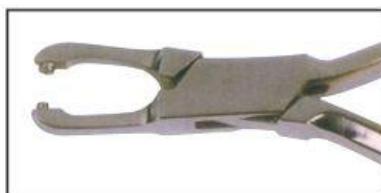

Stainless steel - 140mm 110g

### PL 4173

**<<Weco>> Sucker Removing Pliers**

Stainless steel - 140mm 110g

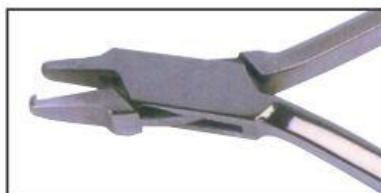

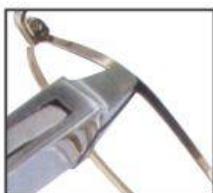

### PL 4156

**Peening Pliers**

For flattening ends of screws which have  
been cut off or flared

Stainless steel - 140mm 105g

### PL 4180

**Strap Adjusting Pliers**

For adjusting strap and finger pieces on  
metal frames

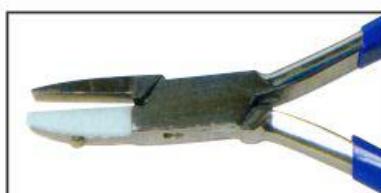

Stainless steel - 130mm 95g

### PL 4185

**Nylon Cord Compressing Pliers**

Stainless steel - 135mm 100g

### PL 4194

**Hollow Drop Pliers**

(one flat nylon jaw and one  
Convex metal jaw)

Stainless steel - 140mm 110g

**PL 4194/1 Replacement nylon jaw**  
(1 piece + screw)

### PL 10200

#### Pliers For Flex Temples

Enable to put flex temple on frames  
Stainless steel - 193mm 95g

### PL 4175

#### Closure Pliers

For testing the lens form  
Stainless steel - 140mm 115g

### PL 5207

#### Assembly Pliers

Enables to bring circles of metal frames together and to set and screw on assembly screws. The screw is inserted in the hollow of one of the jaws and screwed thanks to a long bladed screwdriver  
Stainless steel - 155mm 110g

### PL 46854

#### Flaring Pliers

Protective nylon cap is removable for a closer fit length 5 1/2" 141.8g

### PL 46845/1

Replacement Jaws (1 pieces + screws)

## Pliers Grips

#### Non Cushioned Pliers

To replace broken grips, add to non Cushioned Pliers or identify specific usage Pliers. available in 5 Colours (bag of 5 Pairs)

Assortment

### PL 10208

**Pliers To Crimp Plastic Riders**  
Stainless steel - 145mm 105g

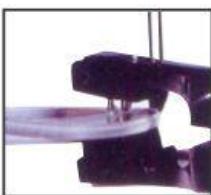

**PL 10208/1** Replacement Nylon Jaws  
(2 Pieces + Screws)

### PL 10215

**Pliers To Crimp Plastic Riders**  
Stainless steel - 145mm 105g

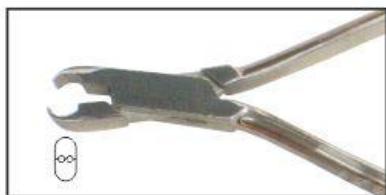

**PL 10215/1** Replacement nylon jaws  
(2 pieces + screws)

### PL 10209

**Pliers For Extracting Riders (Silhouette Type)**  
Stainless steel - 140mm 90g

**PL 10209/1** Replacement nylon jaws  
(2 pieces + screws)

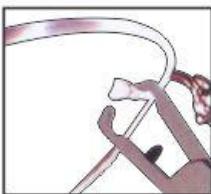

### PL 7213

**Pliers For Extract Riders**  
Cutting pliers for riders  
Stainless steel - 145mm 115g

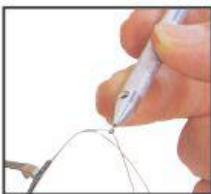

### PL 7210

**Cutting Pliers For Riders**  
Stainless steel - 145mm 115g

### PL 9027

**Front Cutting Pliers**  
For plastic staples  
Stainless steel - 130mm 105g

### HK 71348

**Rimless Mounting Tool**

permits easy insertion of lenses into all  
nylon banded rimless frames, elimination  
the need for a roll of ribbon.

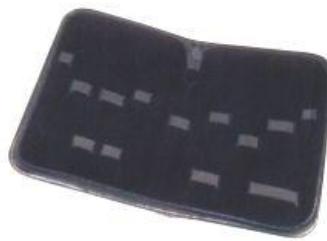

**HK 71348/1** Pack of 3 replacement hooks.

15.155

**Small Tool Case**

compact black leatherette case holds pliers and small adjusting tools. measures 8 3/4" L x 6" W x 1 1/2" H when closed and will hold up to 5 pliers, screwdriver, PD stick, files, and 4 screw vials. Ideal for small student kits. Ship weight: 226.80 grams.

15.151

**Medium Tool Case**

same as 15.155 but large. Holds 8 to 10 pliers, lens clock PD sticks, screwdrivers, and various adjusting tools. measures 7 1/2" x 11 1/4" x 1 3/4". compact size useful for student kits. Best quality case. Ship weight: 226.80 grams.

15.153

**Large Tool Case**

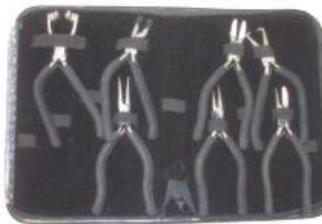

Black leatherette tool case has a reinforced zipper and strong wide spine. Holds the most commonly used adjusting tools. Measures 13 1/2" L x 7 3/4" W x 1 3/4" H. Ship weight: 454 grams.

15.156

**Portable Dispensing Bag**

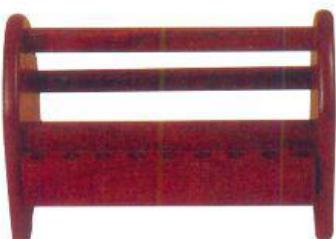

constructed with polyester PVC reinforced fabric and heavy duty stitching. Interior is accessed by a zipper top closure. Outside multiple sized pockets hold a multitude of tool and supplies. Ship weight: 226.80 grams.

SK-89550

**Ergo Basic Dispensing**

All new ergonomic pliers combination. packed in a leatherette case. kit includes 7 dispensing pliers. 1 each: nosepad adjuster, long jaw chain /snipe nose, angling/panto adjuster, most popular endpiece angler, wide jaw nylon flat bracer, compression bushing bracer and midget lens aligner.

RA 110

**Rack for Pliers & Varied Tools.**

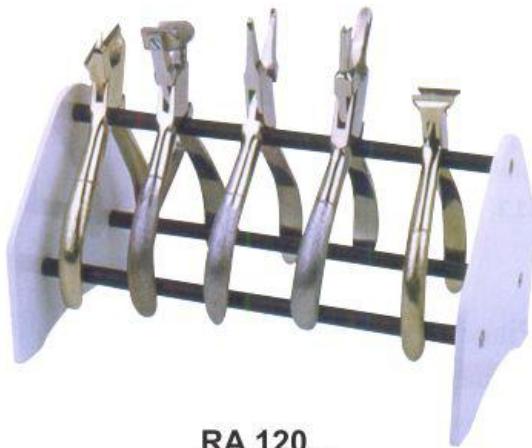

varnished wood width 210mm  
Capacity approx. 7 pliers + tools

RA 115

**Pliers Rack Stainless Steel**

Width 20mm  
Capacity Approx. 7 Pliers

RA 120

**Pliers Rack**

20cm (rack only)

RA 121

**Pliers Rack**

8cm (rack only)

**TR 70301**
